

COVID RULES – PINS/BUNKERS – August 18, 2020

As of June 23rd, Covid rules were put in play for all Metro Senior Weekly events and Metro Senior Special Events. We will follow these rules for the August 18 Founders Day Scramble. All players should bring a mask to be worn while checking in, while gathering for the shotgun start, and while picking up your lunch. Maintain social distance on the putting green, driving range, on the course, and during lunch.

Carts – Single carts are not an option. We will ride two per cart with a divider between the driver and rider.

Regular Holes with no Foam or Raised Cup – Whitmoor is using regular cups and pins, therefore, the ball must remain in the hole to be counted as in. Just striking the pin on regular holes will not count.

Flag Stick – Do Not remove or touch the flag stick. This removes a common contact point.

Hole-in-One - the ball MUST end up physically in the hole.

Bunkers - We will NOT play sand traps. Do not play the ball in the sand. Drop your ball WITHOUT PENALTY behind the trap (not on the side) and play from there. This removes the rake as a common contact point. There is no need to touch a rake.

Follow the guidelines, Have fun, Watch your pace of play.
