

What is Metro Plus!

The Golfers Dream? To play the most beautiful and prestigious golf courses around the world. And, you can start living the dream right here in St. Louis!

Metro Plus members play many of the best St. Louis area Country Clubs for prices most of us can afford. In 2021 we are scheduled to play elusively on Monday's, and you can play with your favorite **Metro Plus** golfing partners. The course schedule is listed on the Metro Seniors website in the **Metro Plus** Membership section.

St. Louis' most beautiful and challenging tracts are now available to you, without the huge membership fees or monthly dues. These exquisite clubs have been designed by the most exclusive golf course architects, maintained by St Louis' top Green's Keepers, and have the fastest and most interesting greens. You will be talking about these courses and specific holes all year long, and longing to play them again!

SO, ACT NOW! Live the Dream! Metro Plus membership is limited to 170. You can sign up as an individual or ask your **Metro Seniors** playing partners to sign up too! The membership fee is just \$40.00. Just click on this link, <https://www.golfstseniors.org/sample-page/membership-information/metro-plus-membership-application/> to register, starting January 1st. It's that simple, and you too can begin **Living the Golfers Dream** 15 times this year!

Here are the details of **Metro Plus** which make it far different from the weekly division tournaments.

1. There are only 3 flights in **Metro Plus** (A, B, C) with the maximum individual handicap index of 24. Many higher handicap members play in every event and are have a blast doing so because we allow players to choose from one of three tees.
2. The maximum number players we will have for any event is 120. All events are 2-person per cart unless the course dictates differently. There are no other golf cart allowances, and we have been practicing "Social Distancing!"
3. Members play for points. These points can turn into awards at the end of the year. A complete listing of all points earned per flight/per round will be sent to all members. Additional awards are obtainable at each event and there is always a "Game of the Day"

4. Maximum score is triple bogey on any hole.
5. We also have our own Marshalls on the course assisting our players. We strive to maintain a 4 ½ hour pace of play and to ensure players adhere to the country club's rules. We want to respect the club's regulations and maintain **Metro Plus's** reputation so we will be invited back next year.
6. The scores you record in **Metro Plus** only affect your handicap in **Metro Plus** and the formula we use to compute this handicap is your best 8 scores out of your last 16 played in date order.

Metro Plus uses an on-line program called, "Golf League" to administrate everything. Each member is given a unique User Name and Password (You may change it to one you prefer). With this ID, you make tee times for yourself and your group, find out your handicap, see your results, where you stand in the points race, scheduling, and anything else associated with each event.

Almost everything is electronic and available to you in 2021, scoring can be entered with the use of a smart phone. (Stay tuned)

Metro Plus has a "Crew" of 34 volunteers that run the events, administrate everything and hope to make these venues really enjoyable. It's a fun league and most of the members will tell you, they are looking forward to the next event.

It's \$40.00 to join this upscale league, and the average cost charged by the clubs this year is **\$65.00**. We hope you make the decision to join us in 2021. Feel free to introduce yourself to me. I like putting a face together with a name.
